INDEX FOR VOLUME 15

AUTHOR

Adkins, Dorothy C., "A Superior Rotational Method in Factor Analysis or Psychometricians in Government Service." 331-338.

Andrews, F. C. (with Z. W. Birnbaum and E. Paulson), "On the Effect of Selection Performed on Some Coordinates of a Multi-Dimensional Population." 191-204.

Bedell, B. J., "Determination of the Optimum Number of Items to Retain in a Test Measuring a Single Ability." 419-430.

Bennett, C. C. (with John B. Carroll), "Machine Short-Cuts in the Computation of Chi-Square and the Contingency Coefficient." 441-447.

Betts, Gilbert L., "The Variance Error of the P_{50}-Discriminant." 435-439.

Birnbaum, Z. W., "On the Effect of the Cutting Score When Selection Is Performed against a Dichotomized Criterion." 385-389.

Birnbaum, Z. W. (with E. Paulson and F. C. Andrews), "On the Effect of Selection Performed on Some Coordinates of a Multi-Dimensional Population." 191-204.

Brogden, Hubert E., "J. P. GUILFORD and WILLIAM B. MICHAEL. *The Predictions of Categories from Measurements: With Applications to Personnel Selection and Clinical Prognosis.*" A Review. 328-329.

Bruner, J. S. (with L. Postman and F. Mosteller), "A Note on the Measurement of Reversals of Perspective." 63-72.

Carroll, John B., "ROBERT L. THORNDIKE. *Personnel Selection: Test and Measurement Techniques.*" A Review. 83-88.

Carroll, John B. (with C. C. Bennett), "Machine Short-Cuts in the Computation of Chi-Square and the Contingency Coefficient." 441-447.

Comrey, Andrew L., "A Proposed Method for Absolute Ratio Scaling." 317-325.

Cottle, Wm. C., "A Factorial Study of the Multiphasic, Strong, Kuder, and Bell Inventories Using a Population of Adult Males." 25-47.

Deemer, W. L. (with D. F. Votaw, Jr., and J. A. Rafferty), "Estima-

tion of Parameters in a Truncated Trivariate Normal Distribution." 339-347.

Edwards, Allen L. (with Paul Horst), "The Calculation of Sums of Squares for Interactions in the Analysis of Variance." 17-24.

Eisenhart, Churchill, "JERZY NEYMAN (Editor). *Proceedings of the Berkeley Symposium on Mathematical Statistics and Probability.*" A Review. 449-453.

Fay, Leo C. (With Palmer O. Johnson), "The Johnson-Neyman Technique, Its Theory and Application." 349-367.

Festinger, Leon, "QUINN McNEMAR. *Psychological Statistics.*" A Review. 209-213.

Green, Bert F., Jr., "A Note on the Calculation of Weights for Maximum Battery Reliability." 57-61.

Green, Bert F., Jr., "A Test of the Equality of Standard Errors of Measurement." 251-257.

Guilford, J. P., "TRUMAN LEE KELLEY. *Fundamental Statistics.*" A Review. 76-79.

Guilford, J. P. (with William B. Michael), "Changes in Factor Loadings as Tests are Altered Homogeneously in Length." 237-249.

Gulliksen, Harold, "The Reliability of Speeded Tests." 259-269.

Gulliksen, Harold (with S. S. Wilks), "Regression Tests for Several Samples." 91-114.

Hamilton, C. Horace, "Bias and Error in Multiple-Choice Tests." 151-168.

Horst, Paul, "A Note on Optimal Test Length." 407-408.

Horst, Paul (with Allen L. Edwards), "The Calculation of Sums of Squares for Interaction in the Analysis of Variance." 17-24.

Horst, Paul (with Stevenson Smith), "The Discrimination of Two Racial Samples." 271-289.

Johnson, Helmer G., "Test Reliability and Correction for Attenuation." 115-119.

Johnson, Palmer O. (with Leo C. Fay), "The Johnson-Neyman Technique, Its Theory and Application." 349-367.

Kimball, Allyn W., "Sequential Sampling Tests for Use in Psychological Test Work." 1-15.

Luce, R. Duncan, "Connectivity and Generalized Cliques in Sociometric Group Structure." 169-191.

Lyman, John (with Pietro V. Marchetti), "A Device for Facilitating the Computation of the First Four Moments About the Mean." 49-55.

McNemar, Quinn, "On Festinger's Review of *Psychological Statistics.*" 213-214.

Marchetti, Pietro V. (with John Lyman), "A Device for Facilitating the Computation of the First Four Moments About the Mean." 49-55.

Michael, William B., "PALMER O. JOHNSON. *Statistical Methods in Research.*" A Review. 327-328.

Michael, William B. (with J. P. Guilford), "Changes in Factor Loadings as Tests are Altered Homogeneously in Length." 237-249.

Mollenkopf, William G., "An Experimental Study of the Effects on Item-Analysis Data of Changing Item Placement and Test Time Limit." 291-315.

Mollenkopf, William G., "Predicted Differences and Differences Between Predictions." 409-417.

Mosteller, F., " S. S. WILKS. *Elementary Statistical Analysis.*" A Review. 73-76.

Mosteller, F. (with J. S. Bruner and L. Postman), "A Note on the Measurement of Reversals of Perspective." 63-72.

Paulson, E. (with Z. W. Birnbaum and F. C. Andrews), "On the Effect of Selection Performed on Some Coordinates of a Multi-Dimensional Population." 191-204.

Psychometric Corporation, Report of the Treasurer (June 1950). 456.

Psychometric Society, Relation to the Federation of Statistical Societies. 205-207.

Psychometric Society, Report of the Treasurer (June 1950). 455.

Postman, L. (with J. S. Bruner and F. Mosteller), "A Note on the Measurement of Reversals of Perspective." 63-72.

Rafferty, J. A. (with D. F. Votaw, Jr., and W. L. Deemer), "Estimation of Parameters in a Truncated Trivariate Normal Distribution." 339-347.

Reiersøl, Olav, "On the Identifiability of Parameters in Thurstone's Multiple Factor Analysis." 121-149.

Reiner, John M., "N. RASHEVSKY. *Mathematical Biophysics.*" A Review. 79-83.

Schmid, John, Jr., A Comparison of Two Procedures for Calculating Discriminant Function Coefficients." 431-434.

Schultz, Douglas G., "The Comparability of Scores from Three Mathematics Tests of the College Entrance Examination Board." 369-384.

Smith, Stevenson (with Paul Horst), "The Discrimination of Two Racial Samples." 271-289.

Taylor, Calvin W., "Maximizing Predictive Efficiency for a Fixed Total Testing Time." 391-406.

Thorndike, Robert L., "The Problem of Classification of Personnel." 215-235.

Votaw, D. F., Jr., (with J. A. Rafferty and W. L. Deemer), "Estimation of Parameters in a Truncated Trivariate Normal Distribution." 339-347.

Wilks, S. S. (with Harold Gulliksen), "Regression Tests for Several Samples." 91-114.
